PETITION TO CANCEL

Petitioner, JMM Lee Properties, LLC, a Limited Liability Company formed under the laws of the State of California, having an address at 2807 Antigua Drive, Burbank, CA 91504 ("Petitioner"), believes that it will be damaged by the continued registration of the trademarks MINOLTA and design in their current form, and petitions to cancel part of the following registrations for the goods listed herein under class 09 due to abandonment. The marks at issue are Registration Nos. 1347335, 1336381, 1218009, 1218008 and 1129748 (the "Registrations"), owned by KONICA MINOLTA HOLDINGS, INC., MINOLTA KABUSHIKI KAISHA

(MINOLTA CO., LTD.) and their predecessors in interest ("Respondents"). A TSDR database printout of the full Registrations at issue is attached hereto as Exhibit A.

To the best of Petitioner's knowledge the addresses of the current owners of the Registrations are 1-6-1, MARUNOUCHI, CHIYODA-KU, TOKYO 100-0005 JAPAN for KONICA MINOLTA HOLDINGS, INC., and OSAKA KOKUSAI BUILDING, 3-13, 2 CHOME, AZUCHI-MACHI, CHUO-KU, OSAKA-SHI, OSAKA 541-8556, JAPAN for MINOLTA KABUSHIKI KAISHA (MINOLTA CO., LTD.).

PARTIAL CANCELLATION

"[T]he Board has authority under Section 14 to cancel part of a registration when use of a mark has been abandoned for specific goods or services listed in the identification." *Johnson & Johnson and Roc International S.A.R.L. v. ¹ Based on TSDR records, MINOLTA KABUSHIKI KAISHA (MINOLTA CO., LTD.) is the predecessor in interest to KONICA MINOLTA HOLDINGS, INC. As such, the companies are a part of the same entity.

² Some of the MINOLTA registrations Petitioner seeks to partially cancel include multiple classifications. This Petition only covers the photographic goods listed herein under class 09.

As grounds for the cancellation, Petitioner alleges that:

1. On Jan. 27, 2015, Petitioner filed Application Ser. No. 86515392 ("Petitioner's Application") for the mark MINOLTA in connection with photographic goods, namely, cameras, digital cameras, digital camcorders; portable handheld electronic devices for recording, storage, transmission or reproduction of photographic, video and multimedia content. A printout of this application from the TSDR database is attached as Exhibit B.
2. The subject five (5) Registrations owned by Respondent have been cited by a the USPTO as a bar to Petitioner's registration of the mark MINOLTA.

ABANDONMENT

3. Petitioner incorporates the allegations in all of the preceding paragraphs by reference as if fully set forth herein.
4. Petitioner has conducted an extensive investigation by searching online stores and other sources, and through various news and media outlets, but has been unable to find the photographic goods listed herein in connection with the mark MINOLTA offered for sale in the United States by Respondents.
5. In a press release dated January 19, 2006, Konica Minolta announced that it was

withdrawing from the camera and photo business stating, "we have decided to withdraw from camera business, such as film cameras and digital cameras, within Konica Minolta Group, as of March 31, 2006." The release goes on to state that Konica Minolta, "will step-by-step reorganize our sales offices and withdraw from all of our photo sales activities by September 30, 2007." (see Exhibit C)

6. As recently as February of 2015, Konica Minolta's U.S. home page included a link under the heading, "Termination of Camera, Photographic and Processing Products & Services," (See Exhibit D) and stated that, "Konica Minolta has ceased all camera and photographic business. We apologize for any inconvenience and suggest referring to our Camera & Photo Support page for more information." The Camera & Photo Support page provides further details about Konica Minolta's exit from the photo business, including, "Konica Minolta Photo Imaging Inc. ceased its Camera Business Operations as of 31 March 2006, and ceased the entire customer services for Konica Minolta cameras and related products as of 31 December 2010." (See Exhibit E).

7. The goods covered by Konica Minolta's photo business, from which Respondent has withdrawn, are the same goods cited by the USPTO as a bar to Petitioner's registration of the mark MINOLTA.

8. The goods covered by Konica Minolta's photo business, from which Respondent has withdrawn, are highly similar to the goods listed in Petitioner's MINOLTA Application for photographic goods.

9. Upon information and belief, based on the foregoing, Respondent does not have a basis for claiming rights in the MINOLTA mark in connection with the photographic goods listed in this Petition and in Respondent's subject Registrations under class 09, because

Respondent has not used the mark in the United States in conjunction with these photographic goods since at least December of 2010, and thus has abandoned the MINOLTA mark in connection with these goods.

10. Upon information and belief, based on the foregoing, Respondent is not currently using the mark MINOLTA in the United States for the photographic goods in class 09 identified in this Petition and listed in Respondent's subject Registrations.

11. Upon information and belief, based on the foregoing, Respondent has no intent to resume use of the MINOLTA mark in connection with the photographic goods listed in this Petition and in the subject Registrations, and therefore, the mark has been abandoned.

12. Abandonment of a mark occurs when its use has been discontinued with intent not to resume such use. Intent not to resume may be inferred from circumstances. Nonuse for three (3) consecutive years shall be prima facie evidence of abandonment. "Use" of a mark means the bona fide use of such mark made in the ordinary course of trade, and not made merely to reserve a right in a mark. Trademark Act Section 45, 15 U.S.C. § 1127.

13. Petitioner will be damaged by the continued registration of Registration Nos. 1347335, 1336381; 1218009, 1218008 and 1129748 in connection with the goods listed in this Petition as, for among other reasons, they are currently blocking Petitioner's own Application to register the MINOLTA mark.

14. Cancellation is appropriate due to abandonment, under Section 14 of the Lanham Act, 15 U.S.C. §1064.

WHEREFORE, Petitioner respectfully requests that this Petition be sustained, and due to abandonment, the subject Registrations for the mark MINOLTA and design be cancelled in connection with the goods listed herein under class 09.

Respectfully submitted,

Dated: March 17, 2015

Konica Minolta Announces Withdrawal Plan for Camera Business and Photo Business

Konica Minolta has long been a leading company in photo imaging business covering wide range of imaging from input to output. In addition, we have provided inspiring products and services by fusing our unique technologies.

In camera business, we have expanded picture-taking opportunities by developing innovative technologies such as the world's first autofocus cameras. In 1962, our camera, well-accepted for its high reliability, boarded on the US's first manned spaceship "Friendship 7." Also, ever since introduction of the world's first body-integral autofocus SLR camera, Maxxum/Dynax series, in 1985, SLR cameras have become more popular among picture-takers, and we have succeeded in selling 16 million units of interchangeable lenses since then.

However, in today's era of digital cameras, where image sensor technologies such as CCD is indispensable, it became difficult to timely provide competitive products even with our top optical, mechanical and electronics technologies.

In photo business, represented by the silver-halide photography such as color film and color paper, we have produced Japan's first photographic paper in 1903, and Japan's first color film in 1940, thus pioneering joy of photography for more than a century. In 1984, we introduced the world's first compact washless photofinishing system known as a minilab system. The minilabs contributed to the expansion of worldwide photographic market by making photos closer to consumers and amazingly shortening delivery time.

However, traditional silver-halide photographic market is shrinking astonishingly by the surge of the worldwide digitization. In such a changing world, profits for camera and photo businesses worsened in recent years, and it became necessary to drastically reform business structure for the further growth of Konica Minolta. Ever since we decided and announced restructuring guidelines of our businesses on November 4, 2005, we have been considering practical and detailed plan, and we would like to announce our decision made today as follows:

1) Camera Business

In camera business, we have reached an agreement with Sony Corporation(Sony), having numerous image sensor technologies such as CCD and CMOS, to jointly develop digital SLR cameras in July 2005. In order to continue to have our customers use Maxxum/Dynax lenses, and to maximize possibilities of the optical, mechanical and electronics technologies accumulated through development of SLR cameras in the years to come, we came to the conclusion that it was best to transfer assets concerning camera business to Sony. Since then, we have been negotiating with Sony, and as a result, we have reached an agreement with Sony to transfer a portion of assets regarding digital SLR camera system to Sony*1. In this relation, we have decided to withdraw from camera business*2, such as film cameras and digital cameras, within Konica Minolta Group as of March 31, 2006.

Sony is planning to develop digital SLR cameras compatible with Maxxum/Dynax lens mount system, so that the current Maxxum/Dynax users will be able to continue to use them with Sony's digital SLR cameras. In addition, we will consign camera service operations for Konica Minolta, Konica,Minolta brand cameras and related equipment to Sony.

*1 Pease refer to the news release, "[Partial Transfer of Assets Related to Digital SLR Cameras](#) ", separately announced today.

*2 Except for digital SLR cameras and interchangeable lenses produced for Sony.

2) Photo Business

In today's shrinking photographic market represented by color film and color paper, we have been considering to scale back and to continue photo business at an appropriate size; however, when we foresee the photographic market, it is quite difficult to maintain profitability in this field, and we have decided to withdraw from photo business. As schemed below, we will, as much as possible, avoid causing any inconvenience in providing products to our worldwide customers in the course of withdrawal.

For color film and color paper, while considering our customer needs, we will step-by-step reduce product lineup and cease our color film and color paper production by the end of fiscal year ending March 31, 2007.

For minilab business, we will cease production of the system by the end of fiscal year ending March 31, 2006; however we will have such company as Noritsu Koki Co., Ltd to provide maintenance and customer services so as not to cause any inconvenience to our customers.

*1 Pease refer to the news release, "[Consignment of Service and Maintenance Operations for Minilabs](#) ", separately announced today.

In line with the above scheme, with consideration to our customers and regional situations, we will step-by-step reorganize our sales offices and withdraw from all of our photo sales activities by September 30, 2007.

3) Personnel Management

As a part of Konica Minolta Group's restructuring, we will proceed with withdrawal plan for camera and photo businesses and aggressively shifted

their management resources to other Konica Minolta Group companies. While continuing this effort, in order to rationalize a number of employees, we have decided to reduce worldwide Konica Minolta Group employees by 3,700 from the current 33,000 including early retirement offering by September 30, 2007*.

* The early retirement offering is for Konica Minolta Group's holding company, five business companies and two common function companies in Japan.

The expenses to be incurred with this restructuring are already included in the forecast for fiscal year ending March 31, 2006.

Konica Minolta Group will make our utmost efforts not to cause any inconvenience to our customer due to the decision we made this time. At the same time, camera and photo businesses are our traditional businesses ever since our founding, and we wish to express our heartfelt appreciation to the worldwide Konica Minolta fans for their patronage to our products for more than a century.

Konica Minolta Group is aiming to become more powerful corporate group by swiftly meeting market changes and pursuing "selection and concentration". We will, from now on, be concentrating our business resources on non-consumer businesses, such as the core "business technologies" field, the strategic "optics and display devices" field, and the growth expected "medical imaging" and "sensing" fields, increase competitiveness, and endeavor to further expand corporate value.
